

With a Twist Infinity Cowl

Free Crochet Pattern Courtesy of [Oui Crochet](http://www.ouicrochet.com/)

Supplies:

Size N crochet hook

Worsted weight yarn

Stitch marker

Special Stitch:

Extended Double Crochet (Edc): The Edc is worked very much like a double crochet, but with one extra step.

Work the first part just as you would a double crochet: Yarn over, insert hook into next stitch, yarn over and pull through, yarn over and pull through 2 loops on the hook.

Here is where the change comes: Yarn over and pull through just **one** of the loops on the hook.

Now extend it with the finishing: Yarn over and pull through all loops on hook.

Pattern:

Ch 65 join with slip stitch to first chain made to form a loop.

Mark your first stitch. You may move the marker up with each round to keep track of your rounds.

Round 1: ch 1, sc in same chain as join, hdc in next ch, dc in next ch, Edc in each ch around. Do not join and do not turn. Complete the round by working the back (unworked) loop of each stitch of the foundation chain. This forms the twist.

Round 2: when you get back to the first sc, you will see that you have worked both sides of the chain, and there is a twist in the work. Continue working an Edc in each stitch around. This round is counted as the second round worked on each side of the foundation chain. We will continue to count rounds this way, so that the number of rounds on either side are the same.

Rounds 3-6: continue working the Edc in each stitch until there are 6 "rows" on either side of the foundation chain.

Round 7: continue working the Edc until you get to the last 6 stitches of the round. Work the last stitches as follows: dc,dc,hdc,hdc,sc,sc then slip stitch into the next stitch.

Finish off and weave in the ends.
